

Nurturing HOPE

ABSTRACT

Good Neighbors International set foot in Nepal in 2002 and commenced to support 16 genuinely needy children through a hostel project in Badikhel of Lalitpur and Sangla of Kathmandu districts. In the span of time, in order to expand its horizon and bring better results in the walk of the child-centered community development project, Good Neighbors International Nepal (GNI Nepal) started a one-to-one sponsorship program in 2009. While approaching the first quarter of 2023, GNI Nepal has been able to support 43,328 (17 districts) through sponsorship services.

This booklet 'Nurturing Hope' includes (witnesses) some representative stories of sponsorship graduated children from the mountain, hilly and plain areas of Nepal. The booklet presents the journey of children from enrollment in the sponsorship program to the present life spectrum. We are proud to present them as some of the evidence of GNI Nepal's intervention made through a community development project. We believe that support for families and communities through integrated intervention in education, livelihood, health, WASH, and direct support to the child's health and education till the age of 18 years has contributed well to their holistic development.

Indeed, this manuscript 'Nurturing Hope' has been designed to introduce stakeholders about the optimism conquered by sponsorship graduates and motivate sponsored children of GNI Nepal for the walk of fullness in their life.

GNI Nepal is immensely thankful to sponsored children, their families, and relevant stakeholders for their kind cooperation, vibrant collaboration, and wishful contribution in the walk of empowering people and transforming communities.

“ Being a sponsored child of GNI has made me able to speak like this in front of you. First of all, I would like to thank the organization for this. As my family was trying to give me good education but facing many hurdles, GNI Nepal arrived in my community which was a great opportunity for us. Now I have completed my secondary education well. Along with education I also have got the opportunity to work as staff in GNI Nepal-funded program in NGO. From the beginning of my childhood, I got the opportunity to be a part of GNI Nepal. In many formal programs, I feel proud to share myself as I was GNI Nepal-sponsored child and here I am now. All these things happened due to the support of GNI Nepal. Previously, I was supported through GNI Nepal and now I am mediator to reach GNI Nepal in the community. It's really a great opportunity for me and my community. I and my family would like to thank GNI Nepal for your lifetime memorable support from preparing my foundation to my professional carrier. At the same time, Best wishes for accomplishing 20 year's journey in Nepal, and may you get the opportunity to celebrate many more anniversaries in Nepal.

“ If GNI had not supported me, I would not have been able to continue my studies. It was very difficult for my parents to educate all of us six sisters by earning of wage laborer. My sister is also a sponsored child of GNI. It was very easy for both of us for study. I am also working in a cooperative now. Thank you GNI for supporting me. I became able to self-reliant because of this support.
